## PROSPECTUS 2026-27

## Principal's Message

We the entire family of West Goalpara College welcome all of you to this pinner Higher Educational institute.

We belief education being the most patent index for inclusive growth. It has been a means for disadvantage groups to move out of their unfavourable economic position. It is the manifestation of love and my most cherished possession. Education drives away ignorance and through illumination it emboldens a man to a righteous thought and action. It empowers a woman and enlarges the horizon of her mind and energizes a society and enables people to earn their living with respect and praise. With that hope West Goalpara College was establish at a very interior place, Ambari of western part of Goalpara district in 1981. The main vision and mission of the College is to spread the light of education to these backward region. Here we try to impart quality education to our students, who come from various interior places and we try our best to build them as good human being and good citizen .This college has emerged as the only Higher Educational institution in this area in parting education to almost Two Thousand students from Goalpara, Dhubri, Mancachar districts of Assam and some neighbouring part of West Bengal & Meghalaya. The two streams of Science and Arts with 14 departments and excellent and experienced faculty make the College as one of the most prestigious institute in the entire Goalpara district. We try to maintain discipline, punctuality and regularity among our students. West Goalpara College endowed with progressive futuristic outlook aims continual growth in the quality of all academic activities with a sense of commitment to fully meet the expectations of the students, parents and society at large. Our priority is to gives preference not only to the students who excel in academic but each and every students who are best in their own field so that they can successfully build themselves in their future.

Our college cares for the individual development of each and every student. We follow “mentor system” under which each class is put into the multi-pronged web of a teacher. We accord prime importance to the behavioural discipline, moral integrity and cognitive developments of our students. Departments of Youth Welfare, NSS, Physical Education, Career Guidance Cell, Readers Forum, Red Cross Society, Red Ribbon Club and Centre for Women Empowerment offer integrated services for the multi –facetted developments of our students. Our teachers strive to teach not only academic programmes but also life skills needed for students’ self-development with highly resourceful faculty.

The College faces Two times NAAC assessment and get B and B+ which is the highest point in the entire district and preparing for Third Cycle NAAC inspection.

I wish the best of fortune, peace and prosperity to all those who contribute to the noble task of spreading education and it manifest qualities, aims and objectives. Thank you

Dr. Subhash Barman  
Principal i/c

## **ABOUT OUR COLLEGE:**

No religion is greater than service. Teaching and learning is not only for the sake of livelihood but also for the welfare of society, that relates 'serving humanity is serving God'-that is the basic philosophy of education. Over the 42 years West Goalpara College has been facilitating higher education over 70 thousand students since 1981, the establishment of the college. Students quench thirst of knowledge to use in their lives, the kind of education imparted in our Institute lasts forever which is deep rooted in encouraging our students to be self-reliant livelihood, inquisitive knowledge hunt, positive productive in work and in mindset tolerant in attitude. The education that we impart gives the students enormous scope for independent thinking and faces the different challenges they confront in the society. We try to impart knowledge having relevance to character and personality building, discipline and co-existence, empowerment for standing on own footing and realities in practical life. Hence, we infuse the spirit of inquisitiveness into the minds of young students to stand in a better position when confronted with crisis. We not only empower the students but see that their inherent strength is tapped and nurtured and enriched to sustain them forever. We insist on the facilities to involve beyond teaching in impact research undertaken with the available resources; we also strive to emphasize in extension of research output for the benefit of the society. We groom the students to cope up with global learning, high thinking and motivate them to work together for the good of the society. We make tireless efforts to build up capacity of our students to become responsible citizens in the making of modern India.

### **NEP 2020 for Higher Education**

The National Education Policy 2020 for higher education aims to transform the existing higher education system in India. This policy emphasizes on promoting interdisciplinary studies, introducing new subjects, and providing flexibility in courses and fresh opportunities for students. It aims to increase the Gross Enrolment Ratio (GER) in higher education, provide multiple entry and exit options, and allow students to choose courses according to their interests and aptitude.

The policy envisions setting up of a National Research Foundation, a National Education Technology Forum, and setting up of more Higher Education Institutions in the country. The policy is aimed at creating a holistic and flexible education system that is adaptive to the needs of the 21st century.

### **National Education Policy 2020 for Higher Education Highlights**

1. The policy aims to increase the Gross Enrolment Ratio (GER) in higher education to 50% by 2035.
2. Around 5 crore seats to be added in higher education.
3. The policy proposes the establishment of a National Research Foundation (NRF) to fund and promote research in all disciplines.
4. The policy recommends the establishment of a single regulator for higher education, called the Higher Education Commission of India (HECI), to replace multiple regulatory bodies.

5. The policy proposes the introduction of a four-year multidisciplinary undergraduate degree, with multiple exit options and opportunities for skill development.
6. The policy proposes the establishment of a National Educational Technology Forum (NETF) to promote the use of technology in higher education.
7. The policy recommends the development of a credit-based system for degree programs, which would enable students to pursue multiple degrees or programs simultaneously.
8. The policy proposes the establishment of a National Academic Credit Bank (NAC-Bank) to facilitate the transfer and accumulation of academic credits across institutions.

#### **NEP 2020 for UG Courses**

According to the NEP, undergraduate students will now have the opportunity to choose from several exit points in their program. For instance, a student may decide to leave after the first year, earning a certificate. If they leave after the second year, they will receive an Advanced Diploma for completing two years of study. Completing the third year will result in a Bachelor's Degree, while the fourth year will merit a Bachelor's of Research, as usual.

## **Regulations for Four-Year Undergraduate Programme (FYUGP) Gauhati University**

Approved by the Academic Council, Gauhati University on 13  
May, 2023.

### ***Introduction:***

The Four-Year Undergraduate Programme (FYUGP) under Gauhati University is based on the National Education Policy (NEP) 2020. The policy recognizes that higher education plays an extremely important role in promoting human as well as societal well-being. The policy also endeavours developing India as envisioned in its Constitution – a democratic, just, socially conscious, cultured, and humane nation upholding liberty, equality, fraternity, and justice for all. NEP 2020 notes that “given the 21st-century requirements, quality higher education must aim to develop good, thoughtful, well-rounded, and creative individuals”.

The FYUGP is designed to cater to the diverse academic needs of the student and seeks to offer options of multiple entries / exits and obtain a Certificate or a Diploma or Degree with or without Major or a Degree (Honours) or a Degree (Honours) with Research at various levels as stipulated under the policy.

### **Definitions**

#### **(a) Choice Based Credit System (CBCS)**

CBCS means is a flexible system of learning where ‘Credit’ defines the quantum of contents/ syllabus prescribed for a course and determines the number of hours of instruction required. This system permits students to

- Learn at their own pace,
- Choose electives from a wide range of elective courses offered for the pro-gramme,
- Undergo additional courses and acquire more than the required number of credits ,
- Adopt an inter-disciplinary approach in learning,
- Make best use of the expertise of available faculty.

#### **(b) College**

The term ‘College’ means the colleges and institutes affiliated to or permitted by Gauhati University for conducting different academic programmes.

#### **(c) Academic Council**

Academic Council means the Academic Council of Gauhati University.

#### **(d) Committee of Courses and Syllabus (CCS)**

CCS means the Committee of Courses and Syllabus in various subjects of Gauhati University.

**(e) Department**

The term 'Department' is used to mean an academic Department of Gauhati University or a College / Institute affiliated to Gauhati University.

**(f) Programme**

The term 'programme' is used to mean the whole learning experience or combination of courses under FYUGP leading to a Certificate, Diploma or Degree. The traditional concept of 'course' is replaced by 'programme'.

**(g) Course**

A Programme is divided into a number of 'courses'. A course is a unit of instruction or segment of subject area under any programme. The traditional concept of 'paper' is replaced by 'course'.

**(h) Academic Year**

An academic year means a period of twelve months consisting of two semesters comprising of a total of 180 working days.

**(i) Semester**

The word 'semester' is used to mean a half-yearly term or term of studies comprising of 90 working days including examinations, vacations and semester breaks.

**(j) Summer Term**

A summer term is for eight weeks which includes summer vacation. Internship/apprenticeship / work-based vocational education and training can be carried out during the summer term, especially by students who wish to exit after two semesters or four semesters of study. Regular courses may also be offered during the summer on a fast-track mode to enable students to do additional courses or complete backlogs in coursework.

**(k) Major**

Major is the discipline or subject of main focus and the degree will be awarded in that discipline. Students should secure the prescribed number of credits (50% of total minimum credits) through core courses in the concerned discipline.

**(l) Minor**

Minor is the discipline that helps a student to gain a broader understanding beyond the Major discipline.

**(m) ABC**

ABC or the 'Academic Bank of Credits' refers to the initiative of the Ministry of Education, Government of India where a student's academic credit is consistently deposited into the ABC.

## **Programme and curricular components**

### **Overview and structure**

The complete FYUGP consists of 8 semesters, to be completed in a minimum of 4 academic years. Each academic year has two semesters. Each semester has a maximum

credit allocation of 22. All together the minimum credit requirements for a 3-year programme is 120 and for a 4-year programme, its 160. The minimum credit requirements for GU's FYUGP is as follows:

- (a) Semester I : 22
- (b) Semester II : 22
- (c) Semester III : 22
- (d) Semester IV : 18
- (e) Semester V : 18
- (f) Semester VI : 18
- (g) Semester VII, VIII : 40
- (h) Total : 160

### **Course-wise credit requirements**

Below, we provide the minimum credit requirement for various course along with a mention of their semesters.

#### **(a) Core Course**

- a) First Major : 60 (Semesters 1-6)
- b) Minor : 12 (Semesters 1-6)
- c) Second Major (Double Major) : 48 (Semesters 1-6)

#### **(b) Common Course**

- a) Multidisciplinary : 9 (Semesters 1-3)
- b) Skill Enhancement Course (SEC) : 9 (Semesters 2, 4-6)
- c) Valued Added Course (VAC) : 6 (Semesters 1, 3)
- d) Ability Enhancement Course (AEC) : 8 (Semesters 1, 2)
- e) Internship : 4 (in any Semester from 3-6)
- f) Research Methodology : 4 (in any Semester in 5 or 7)

#### **(c) For Honours and Honours with Research**

- a) Advanced Core, Dissertation : 36 (Semesters 7, 8)

### **Free credits**

In a 3-year duration of the FYUGP, a student can avail up to 12 free credits, 4 credits

each in Semesters VI-VI. A student can either utilise these free credits to study another Minor or a course from 4th year of the course or can just not utilise them at all. See the section on Degree Options to know how to utilise these free credits.

### Classes

In GU-FYUGP, during the course of a semester, the word 'class' means *contact hours of teaching*. The classes are divided into two groups – (i) Theory and (ii) Practical. Both theory and practical classes can either be Contact Classes or Non-Contact Classes. Contact Classes are those classes which are carried out in a classroom or in a laboratory. All other classes will termed as Non-Contact Classes.

### Credits

All classes that a student attends are ultimately converted to academic credits. The following should be noted

- (a) The allotment of a credit for certain course (i.e. paper) is for the duration of a Semester.
- (b) In GU-FYUGP, all credits are calculated on a **weekly-basis** and **one week** is a span of days starting from one Monday to the next Sunday. The conversion from credit to contact hour of teaching is as follows.

$$\begin{aligned} 1 \text{ Credit} &= 1 \text{ Hour of Theory Class} && \text{OR} \\ 1 \text{ Credit} &= 2 \text{ Hours of Practical Class} \end{aligned}$$

- (c) The 'Theory Class' can be any of (i) A Teaching Class in a Classroom, (ii) A Tutorial Class, or (ii) Assignments.
- (d) The 'Practical Class' can be either (i) A Practical Class Conducted in a Laboratory or (ii) A Project Work.

### Conversion to class hours

It is expected that in the course of a Semester, a minimum of 11 (eleven) weeks worth of classes should be conducted. So, a 4-credit theory course should have a minimum of 44 hours of teaching in a Semester, which roughly translates to 44 one-hour theory classes. The following examples explain this conversion in details for a whole Semester.

- (a) A course with 4 Theory Credits  
 $4 \times 11 = 44$  Hours of Teaching
- (b) A course with 3 Theory and 1 Practical Credits  
 $3 \times 11 + 1 \times 22 = 55$  Hours of Teaching
- (c) A course with 2 Theory and 2 Practical Credits  
 $2 \times 11 + 2 \times 22 = 66$  Hours of Teaching
- (d) A course with 4 Practical Credits  
 $4 \times 22 = 88$  Hours of Teaching

### **Curricular components**

The entire FYUGP curriculum is to be divided into two parts – (a) Core Courses and (b) Common Courses, which are described below.

#### **Core courses**

The core courses constitute Majors and Minors. Usually, a student will choose one Major subject and two Minor subjects. Different options are described in the next section. All core courses have a credit allocation of 4. All together, irrespective of any Major or Minor options, a student will necessarily need to study 21 courses with total credit allocation of 84 over a 3-year programme.

**Major Course** The minimum credit requirements for a Major Course over a 3-year period is 60 which translates to 15 courses (papers).

**Minor Course** The minimum credit requirements for a Minor Course over a 3-year period is 12 which translates to 3 courses (papers).

**Second Major Course** Provided a student has a Major Course with 60 credits, s/he can convert one of her Minor Courses to a Second Major only with a credit allocation of 48. In that case, s/he gets a degree with Double Major and Minor.

So, in general the total credit requirements of 84 in core courses translates to a single Major and two Minors. But a student can choose otherwise as well. To know how, see the section on Degree Options.

#### **Common courses**

As the name suggests, these courses will have to be studied by all students of FYUGP. Together the common courses have a credit allocation of 36 divided over five subdivisions.

They are

- (a) Value Added Courses (VAC) : Total Credits 6
- (b) Ability Enhancement Courses (AEC) : Total Credits 8
- (c) Multidisciplinary Courses : Total Credits 9
- (d) Skill Enhancement Courses (SEC) : Total Credits 9
- (e) Internship : Credit 4

A brief description of these courses are given below.

#### **• Multi-disciplinary Courses**

These are 3-credit courses spanning over five different groups of subjects — (i) Natural and Physical Science, (ii) Mathematics, Statistics, and Computer Applications, (iii) Library, Information, and Media Sciences, (iv) Commerce and Management, and (v) Humanities and Social Sciences. The level of these

courses are of Class XII.

Each student need to take at any three courses, each with 3-credits from these five sub-groups during Semesters 1-3.

• **Ability Enhancement Courses (AEC)**

This is a 8-credit course covering Modern Indian Languages (MIL) and English Usage (Communication).

Each student need to complete two courses of 4-credits each – one from English Usage and other from the group of MIL, especially designed for this purpose. These courses have to be taken during Semesters 1-2.

• **Skill Enhancement Courses (SEC)**

These are various skill courses with total credit allocation of 9. In our structure, we shall have four skill courses starting from Semester 1 and in Semesters 4-6.

• **Value Added Courses (VAC)**

The VAC courses will come from four sub groups — (i) Understanding India, (ii) Environmental Science, (iii) Digital and Technological Solutions, and (iv) Health & Wellness, Yoga Education, Sports, and Fitness. All together they will have a credit allocation of 6.

Each student will have to take any two courses, each of 3-credits, from any three groups during Semesters 2 & 3. Here one course from the Environmental Science group is *compulsory* except if the student takes a core course on Environmental Science.

• **Internship**

All student are to carry out an Internship with a credit allocation of 4. The internship can be carried out in any semester during Semesters 3-6. As internships are meant to be done during semester breaks, they will *not* interfere with other classes.

**Course levels**

- (a) 0-99 : Pre-requisite
- (b) 100-199 : Foundation & Introductory
- (c) 200-299 : Intermediate-level
- (d) 300-399 : Higher-level
- (e) 400-499 : Advanced course
- (f) 500-599 : First-year Masters-level
- (g) 600-699 : Second-year Masters-level
- (h) 700-799 : Doctoral-level *Course levels 0-499 are for FYUGP*

### **ABC (Academic Bank of Credits)**

The GU-FYUGP is directly connected to the ABC (**Academic Bank of Credit**) as notified by the UGC. All credits a student earn at the end of an examination in GU-FYUGP, will be deposited in the ABC by the university.

As such it is mandatory that a student under GU-FYUGP register for the ABC as notified by the regulatory agencies.

### **Progression and exits**

The progression and exits during the whole course structure is given below.

#### **(a) After 1 Year**

One can exit just after one-year. In this case, the student will have to complete one extra Vocational / Skill course (Exit Course) of 4 credits and can exit the programme. The student will get a **Certificate**. The minimum total credit requirements is 44 (and 4 credit extra for the exit Vocational / Skill course).

#### **(b) After 2 Years**

One can exit the programme after two-year course as well. In this case, the student will have to complete one extra Vocational / Skill course of 4 credits and can exit the programme. The student will get a **Diploma**. The minimum total credit requirements is 84 (and 4 credits extra for the exit Vocational / Skill course).

#### **(c) After 3 Years**

If a student completes 3 years, s/he can exit the programme. In this case the student will get a **Bachelor's Degree**. The minimum total credit requirements is 120.

#### **(d) After 4 Years**

After completion of 4 years, the student gets either a **Bachelor's Degree (Honours)** or a **Bachelor's Degree (Honours) with Research**. The minimum total credit requirements is 160.

It should be noted that any certificate / diploma / degree is awarded only if the student clears (i.e. passes) all the required courses (papers) till that point of time.

### **Multiple exits and entries**

The FYUGP allows students to have multiple exits and entries. That is a student can exit the programme, say after one year (as shown above) and then again can enter the programme at a later time and can continue the programme from where s/he left. This process can be executed multiple times.

However, the entry into the programme is subject to availability of positions at that point of time and in that institute/college. Besides, the following should apply

- (a) A student will get a certificate / diploma / degree on exit from the GU-FYUGP (depending on in which year the student exits), only when the student passes in all the minimum compulsory courses at that point of time.
- (b) After an exit, either after Year 1 or 2, the student can seek an entry only into the same programme to which the student was admitted.
- (c) When a student exits the GU-FYUGP after 3 years with a Bachelor's Degree, s/he can not seek reentry into the programme at the fourth year, rather s/he will need to take admission into the Master's programme at the first year.
- (d) As the contents (syllabi) of all the courses are subject to modification from time to time, when a student enters into the programme after an earlier exit, the contents of all courses will be what is as per the syllabi at the current point of time.

#### **Inter-institution mobility**

The GU-FYUGP allows a student for inter-institutional mobility, both for incoming and outgoing students. For this, GU will take into account the credits a student has in his /her ABC.

For an incoming student, the following should be observed:

- (a) The entry is subject to availability of seats in the concerned discipline.
- (b) The student need to fulfill all the academic prerequisites of the concerned discipline.
- (c) Gauhati University will award a degree to a student, only when the student will have completed 60% of the credits for core courses from GU.

#### **Degree options**

Broadly the FYUGP will have two degree options — (a) Degree in a Stream and (b) Degree in a Discipline. In all cases, the requirements of core and common courses remains same.

#### **Degree in a stream**

Different subjects of FYUGP is divided into three broad streams — (i) Arts, (ii) Science, (iii) Commerce & Management, and (iv) Interdisciplinary. There are the following options under this category.

#### **Degree with Major and Minors**

In this case, a student studies one Major subject which consists of 15 courses and two Minors which consists of 6 courses (3 for each Minor). The student can also utilise the free credits to study another Minor as well (3 more core courses in another subject).

### **Degree with without Major**

In this case, a student studies all the three core courses equally over a period of 3-year programme.

### **Degree with double Major**

In this case, a student needs to utilise all the free credits (12 in total) to study 3 more courses of one of the Minors and earn another 24 credits from MOOCs (subject to permission) on the same Minor to earn total credit of 48. In this case, the student gets a second Major in that subject (the Minor subject).

It should however be noted that a second Major (or double Major) can be obtained *only* if the student earns the first Major.

### **Nomenclature**

The nomenclature of the degree in the above cases will be such as Bachelor of Arts / Science / Commerce / Management.

### **Degree in a discipline**

In this case, a student studies all the 21 core courses from a discipline designed for that purpose. These kinds of degrees *will not* have any Major or Minor. An example would be Bachelor's Degree in Information Technology or Bachelor's Degree in Business Administration etc.

There will primarily three types of degrees in a discipline. They are

- (a) Bachelor's Degree in a Discipline  
*viz.* Bachelor's Degree in Business Administration.
- (b) Bachelor's of Arts / Science in a Discipline  
*viz.* Bachelor's Degree in Science in Microbiology.
- (c) Bachelor's of Vocation or Bachelor's Degree (Vocation) in a Discipline  
*viz.* Bachelor's Degree (Vocation) in Small tea Garden Management

### **Choice of courses**

#### **Prerequisites**

Prerequisites are conditions which need to be fulfilled prior to admission into the FYUGP. Each subject and its course (paper) has their own prerequisites, which need to be fulfilled by a student prior to enrollment. For example, having Class XII-level Math is a prerequisite required to opt for Physics at the FYUGP.

Here, having a prerequisite necessarily means that the student needs to have passed in the subject. The details of these prerequisites are available in the FYUGP Information Booklet.

#### **Requirements**

As opposed to prerequisites, the requirements are conditions which need to be

fulfilled when a student chooses a certain subject or course. For example, when a student wants to study Botany as a subject, Chemistry as another subject must be studied. The details of the requirements are available in the FYUGP Information Booklet.

### **Course options**

Subject to fulfillment of prerequisites and requirements, a student can choose any subject as core subjects. The nomenclature of the degree awarded (whether Bachelor of Arts or Science) will be decided by the group to which at least two subjects belong.

### **Learning outcomes**

The GU-FYUGP courses are based on LOCF (Learning Outcomes based Curriculum Framework) as defined in the UGC's Curricular Framework for the same.

### **Examination & grading**

#### **Examination**

The examination modalities of GU-FYUGP will be as per GU's Examination Ordinance.

#### **Grading**

After successful completion of the programme, a student will be awarded grade. In GU-FYUGP, there *will not* be any percentage of marks, but all students will be provided SGPA (Semester Grade Point Average) and CGPA (Cumulative Grade Point Average) as per UGC's Curricular Framework.

### **Fourth year of the GU-FYUGP**

The fourth year of the GU-FYUGP consists of one compulsory course on Research Methodology of credit 4, to be studied in Semester VII. The rest of the course consists of Advance Core Courses and a Dissertation. The details of the fourth year will be available later. All students, irrespective of their choice of subjects or degrees can advance to the fourth year either for a Bachelor's Degree (Honours) or a Bachelor's Degree (Honours) with Research.

### **Fourth year and college**

All colleges under GU are allowed to conduct courses for the fourth year of GU-FYUGP, as per published guidelines and syllabi from GU, leading to the Bachelor's Degree (Honours).

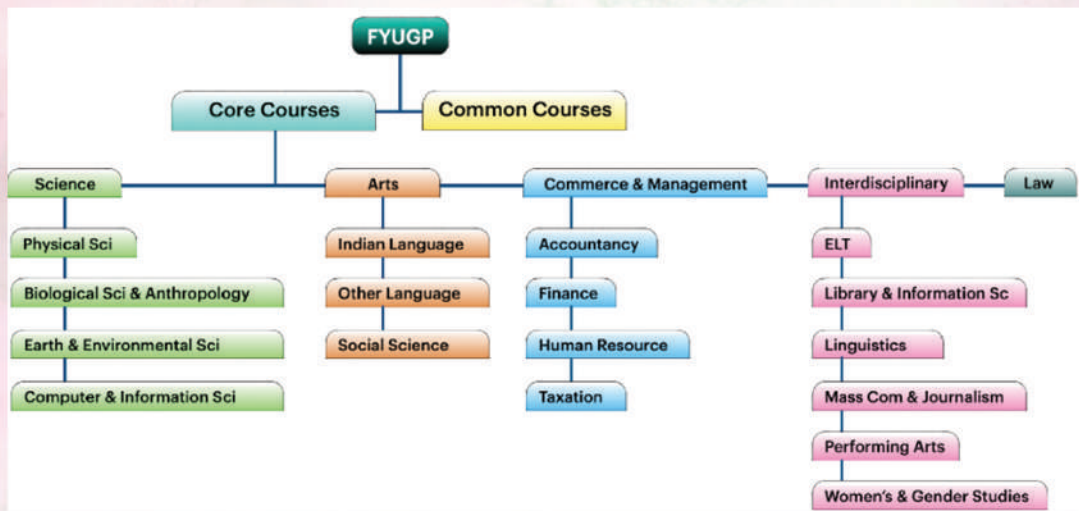

However, to conduct courses for the fourth year leading to the Bachelor's Degree (Honours) with Research, a college must obtain a prior approval from GU, the detailed procedure and guidelines for which will be published later.

## Subject Groups

We describe here the Course Groups and Course Verticals. The verticals are groups of subjects for Major and Minors, from which one can choose subjects subject to conditions, which can vary from one vertical to another. There will be however NO conditions to choose subjects between different verticals.

The verticals are themselves parts of Subject Groups. Some sample Subject Groups are shown below.

## DEPARTMENT OF BOTANY

Botany is the scientific study of the physiology, structure, genetics, ecology, distribution, classification, and economic importance of plants. It includes the study of morphology, anatomy, physiology, biochemistry, genetics and their role in maintaining the ecosystems. Botanists study how plants evolve and adapt to changing climates and environments and also how they interact with other organisms. They have a pivotal role in mitigating the loss of biodiversity. With the challenges posed by environmental changes on the existing flora, the significance and scope of Botany has widened to a great extent. With the growing world population, there is continuous need of increasing the food supplies. The search for new drugs, medicines and useful genes for improving crops will continue to create a need for botanical explorers. The Department of Botany focuses on all the aspects discussed above.
